Public Space Protection Order

The Dog Control Order legislation expired in October 2017 and has been replaced by a Public Space Protection Order (PSPO) under the Anti-Social Behaviour, Crime and Policing Act 2014.

Under government legislation a PSPO specifies an area where activities are taking place that are or may be detrimental to the local community's quality of life. The PSPO can then be used to impose restrictions on the use of the area that will apply to everyone.

The PSPO is designed to ensure that the law-abiding majority can enjoy public spaces, safe from anti-social behaviour.

South Lakeland District Council has put a Public Space Protection Order in place that has several District wide protections that apply to all public land in South Lakeland. These protections are (paraphrased and in plain English):

- **Fouling** – owners must remove faeces from public land
- **Leads by Order** – owners must comply with an order from an enforcement officer to place and keep a dog on a lead
- **Means to pick up** – owners must have appropriate means to pick up dog faeces
- **Limit on the number of dogs that can be walked at a time** – owners must not walk more than five dogs at any one time

There are two more protections that can be applied to public land but will only apply to land that has been specifically chosen by South Lakeland District Council or the local Parish Council. These protections are (paraphrased and in plain English):

- **Leads** – owners must place and keep dogs on a lead at all times
- **Dog Exclusion Zones** – owners must not take dogs onto, or allow them to enter or remain on the land

These protections are most likely to be applied to areas such as; children's playgrounds, playing fields, and cemeteries.

PSPOs only apply to public land. If you ignore a PSPO, you can be fined, £100 on the spot (a Fixed Penalty Notice) or up to £1,000 if it goes to court. You can't be fined if you're a registered blind dog owner.
